The carriers liability insurance policy covers the insured's liability in accordance with the rules of Act no. 47 of 10 March 1965 on contracts for the international carriage of goods by road (the CMR Act). National transports are also covered under the rules of the CMR Act, also where these rules impose liability on the insured extending beyond the general rules and law of damages and liability of Danish law for carriers liability. The insurance policy does not cover liability for the carriage of:

- A) Live animals
- B) Removal goods of more than a few lots.

The insurance policy has been extended to cover the transport of tobacco, wine and spirits, the maximum cover being DKK 600,000 including duties, however. The insurance policy covers liability for theft only if the theft is committed from a closed and locked vehicle.

General third-party liability insurance maximum cover being DKK 10.000.000.
